

## Exclusive group events

*Whatever event you might be planning, it will be sure to become an unforgettable experience on the Stockhorn. Our Panorama Restaurant offers the perfect dining experience to satisfy every wish - be it breakfast, lunch or dinner. An aperitif in the northern wall grotto with the panorama platform is regarded as particularly atmospheric.*

› Evening cableway travel outside the official timetable for groups of 20 or more people. Surcharges apply to groups of less than 20 people.

Have you always wanted to experience an event in a unique setting? Then the Stockhorn will fit the bill perfectly! Whether company or customer events, meetings, association outings, wedding receptions or birthday celebrations, the Stockhorn Team will be delighted to put together an offer tailored specifically to your exact requirements.

Enjoy your aperitif in the northern-wall grotto with its panorama platform - unveiling an unimpaired view of Thun, Lake Thun, the Aare and Gürbe valley, the Swiss central plateau through to the Jura and, on clear days, right to the southern Black Forest. You'll be able to experience an unforgettably stunning sunset from the terrace of our Panorama Restaurant.

The highlight of a successful evening is our nightcap in the romantically candlelit northern-wall grotto.

Our culinary offers, together with a programme of supporting events such as hiking, fishing, a tour of the cableway middle station, and team activities by the Hinterstockensee will transform your excursion into an unforgettable experience!
